SPECIAL REQUIREMENTS
The students will:
1) 14% of final grade: Analyze various instructor-approved scores and prepare at least 5 scores for rehearsal. Adequate score preparation is required before a piece can be introduced in rehearsal. Adequate score preparation will be discussed in class. Various scores in the textbook will also be required for preparation and performance. Some of the textbook scores may be counted toward the 5 score requirement. The instructor will determine which textbook pieces, if any, will be counted toward the 5 score requirement.
2) 16% of final grade: Demonstrate leadership skills in teaching at least 5 songs or portions of these songs. This assignment will be completed in your conducting venue (see rehearsal and video instructions under Day 1).
3) 9% of final grade: Complete 5 conducting review sheets for the teaching experiences described above. Review sheets are due one week after a choral piece is assigned. Review sheets associated with the textbook may be required in addition to the 5 review sheets associated with choral pieces presented in the lab setting.

4) 12% of final grade: Participate in discussion board weekly through BB. Students are required to respond directly to the teacher’s question or to a student comment 25 times. The student will be given credit for a maximum of 4 responses in a given week.

5) 3% of final grade: Interview or participate in an informal lesson with a competent instrumentalist on 2 worship-band instruments (keyboard, drums, bass, and guitar) to gain a basic working-knowledge of worship-band instruments.

6) 8% of final grade: Visually analyze lead sheets (lead sheet preparation should be submitted as hard copies to the instructor) and aurally analyze 3 instructor-approved worship songs (aural analysis: 500 word minimum per review); the students will guide a worship band rehearsal in which these songs will be realized. The student should focus on communicating in a manner that instrumentalists understand, achieving groove and encouraging rhythmic and volume balance. This rehearsal must be video-taped, and the student must design a review and evaluation sheet for reflection on the rehearsal experience.

7) 5% of final grade: Observe one local conductor in a live setting, one instructor-approved worship leader, two conductors through media (e.g., Youtube), and turn in a typed review of these conducting/leadership examples.

8) 10% of final grade: Read and review 2 research articles related to choral techniques, instrumental techniques, and/or choral literature (at least 500 words per review). One of these articles must come from a peer-reviewed research journal. One of these reviews will be presented as a group of at least 2 but no more than 3 students on the class wiki. The other article will be submitted on the class wiki and as a separate digital file via BB.

9) 5% of final grade: Contribute information related to style-period interpretation to the class wiki (minimum of 5 contributions).

10) 18% of final grade: Demonstrate their knowledge of information presented in class, the textbook, wiki postings, or research assignments through a mid-term and final exam.

* All writing projects must be submitted to Dr. Woodward via Blackboard.
* Every student must purchase a baton. Videos should be brought to the face-to-face meetings. If the student prefers an alternate method of reviewing videos, that method must be approved by the instructor.
