The mission of New Orleans Baptist Theological Seminary is to equip leaders to fulfill the Great Commission and the Great Commandments through the local church and its ministries.

Purpose of the Course
The purpose of this course is to enable students to draw upon Scripture and a Christocentric worldview to better inform their Social Work practice.

Core Value Focus
This course will emphasize the seminary’s current core value focus assigned annually by the Administrative Council. For the 2017-2018 academic year the core value is Servant Leadership.

Doctrinal Integrity: Knowing that the Bible is the Word of God, we believe it, teach it, proclaim it, and submit to it. Our confessional commitments are outlined in the “Articles of Religious Belief” and the “Baptist Faith and Message 2000.”

Spiritual Vitality: We are a worshiping community emphasizing both personal spirituality and gathering together as a Seminary family for the praise and adoration of God and instruction in His Word.

Mission Focus: We are not here merely to get an education or to give one. We are here to change the world by fulfilling the Great Commission and the Great Commandments through the local church and its ministries.

Characteristic Excellence: What we do, we do to the utmost of our abilities and resources as a testimony to the glory of our Lord and Savior Jesus Christ.

Servant Leadership: We follow the model of Jesus and exert leadership and influence through the nurture and encouragement of those around us.

Curriculum Competencies Addressed
The seminary has seven curriculum competencies: Biblical Exposition, Christian Theological Heritage, Discipleship Making, Interpersonal Skills, Servant Leadership, Spiritual and Character
Formation, and Worship Leadership. This course addresses Interpersonal Skills, Servant Leadership and Spiritual and Character Formation.

Course Description
This course will examine the integration of the Christian faith and Social Work practice. Beginning from a historical perspective that connects early charity work and the roots of historical Social Work in the Christian tradition, this course will explore a wide variety of social justice issues and best practices to the present day. The course will address areas of strength and possible conflict for Christians practicing in the field of Social Work.

Student Learning Outcomes
Practicing Social Work in a world that has become increasingly skeptical of Christians requires a thorough understanding of key social justice issues from a Biblical and Christocentric worldview. In this course students will learn to:

1. Apply critical thinking to inform and communicate professional judgments using Biblical and Christian perspectives as they apply to key social justice issues.
3. Evaluate policies related to social and economic justice issues and compare best practices of the faith-based community as they apply to remediating inequity.
4. Respond to contexts that shape practice by examining how social welfare policy has changed over time and in various places in response to particular contexts and how Christians have influenced social welfare.
5. Engage diversity and difference in practice by better understanding the cultural complexities of the church and how this shapes social work practice and can help empower marginalized groups for change.
6. Identify as a professional Social Worker and conduct themselves accordingly by understanding the rich history of the Social Work profession, the values that have guided it, and develop a commitment to further enhancement of the profession through personal growth and conduct.

Required Readings
The following texts and resources are required readings for class discussions and are to be read in their entirety unless otherwise specified.

Supplemental Texts

Course Teaching Methodology

This class is offered in an online environment with weekly units presented in the Blackboard environment. To successfully participate will require a high speed Internet connection, a computer with a modem, a reasonable skill with Internet usage. More information about the Seminary’s Online Learning Environment is available on the Seminary’s website. Technical challenges can be resolved by contacting the Seminary’s Information Technology Center at http://www.nobts.edu/itc/. All assignments will be submitted via Blackboard.

Assignments and Evaluation Criteria

1. Complete all the requirements assigned in Units 1-12, two exams and a final project due at the end of Unit 10. Students are expected to be engaged in online dialogue with fellow students via weekly discussion boards via Blackboard. Each Unit has an online discussion board and students are expected to make an entry of 3 paragraphs of 3 sentences at minimum answering the prompt provided. Students are expected to read each of their fellow student’s entries and respond at least once to each, using appropriate online behaviors as described in the Netiquette paragraph below.

2. Class participation depends upon preparation and thus students must complete the requirements of each unit before completing the discussion board so as to assure a well-informed discussion (see #1 above).
3. Students will complete a weekly exercise that draws upon all the materials presented in the corresponding unit. While exercises vary, students will be graded using the assignment rubric that corresponds to the exercise of the week. These may include essay-type responses to a prompt, a timeline project, or other exercises designed to evaluate the student’s knowledge of the materials presented in the unit.

4. Students will complete a 10-question, timed quiz (10 minutes) upon the completion of each unit. The quizzes will count for 10% of the final grade. Quizzes are based upon the entire unit and are typically multiple choice or matching. A portion of the midterm and final exams will be drawn from the quizzes and thus students are encouraged to learn from their mistakes in an effort to improve their performance on the exams.

5. Students will complete a final presentation worth 30% of the final grade. This project will be in the Pecha Kucha format which consists of 20 narrated slides timed at 20 seconds each. The Pecha Kucha will present scholarly research based on one of the topics presented in the 12 units of the class. It requires a depth and precision of knowledge presented in rapid and concise format. Students will research the topic beforehand and present new knowledge in this unique format which requires that the essence of the material be presented in a way that is informative, enjoyable to watch and helps fellow students to understand the research in an innovative way. Rather than simply turning in a paper to be read by the professor, the Pecha Kucha allows fellow students to participate by watching the presentation and responding to it. Watching the presentations will be one of the assignments in Unit 11, so assignments MUST be completed and submitted on or before Unit 10. The student will demonstrate an understanding of the issue encapsulated in the presentation and will frame the presentation based upon scripture, a Christian worldview and relevant literature. Each student will watch and respond to the presentations of their fellow students. Relevant information about the Pecha Kucha presentation format can be found at:

The project will be graded using the following rubric (a more detailed rubric can be found on Blackboard under Pecha Kucha):

6. Students will complete the midterm examination, worth 20% of the final grade, and the final examination, worth 20% of the final grade, on or before the due date. Both exams will be a combination of questions drawn from the quizlets in each unit and essay questions designed to evaluate learning at a critical thinking level. They will be posted on Blackboard for taking online at the end of Units 6 and 12. Students will be penalized 10 points for each calendar day the exam is late. The exams must be submitted by the Saturday corresponding to the end of the class period on which they are due; any submission past that deadline will be penalized.
