Mission Statement

The mission of New Orleans Baptist Theological Seminary is to equip leaders to fulfill the Great Commission and the Great Commandments through the local church and its ministries.

Core Value Focus

The seminary has five core values: Doctrinal Integrity, Spiritual Vitality, Mission Focus, Characteristic Excellence, and Servant Leadership. The core value focus for the 2018-2019 year is *Doctrinal Integrity*—“What we do, we do to the utmost of our abilities and resources as a testimony to the glory of our Lord and Savior Jesus Christ.”

Curriculum Competencies

All graduates of NOBTS are expected to have at least a minimum level of competency in each of the following areas: Biblical Exposition, Christian Theological Heritage, Disciple Making, Interpersonal Skills, Servant Leadership, Spiritual and Character Formation, and Worship Leadership. The curriculum competencies addressed in this course are: Biblical Exposition and Christian Theological Heritage.

Course Description

We will investigate 8 topics of perennial importance in metaphysics. These are truth-makers, composition, the mind-body problem, the nature of time, tense and persistence through time, freewill and the cosmological argument for Theism. We will also investigate how each of these topics are Christian theism.

Student Learning Outcomes

1. Students will be introduced to some basic issues related to metaphysics by attending class lectures.
2. Students will be introduced to some basic issues related to metaphysics by reading the primary texts and assigned readings.
3. Students will be introduced to the basic issues related to metaphysics through completing the assignments.

Required Textbooks

All readings will be posted online at Blackboard.

Optional Readings

Because metaphysics is an expansive subject and time is limited, there are many important areas that we will not touch on. These include, but are not limited to, grounding, universals, causation, truth, modal ontology and semantics and many other arguments for God's existence. Students wishing to write on any of these topics should meet with me and I will suggest readings for them.

Course Teaching Methodology

The course will involve the following methodologies:

Students will meet for class at the NOBTS main campus from June 17-28. Assignments will be turned in at a later date and evaluated via Blackboard.

Course Requirements

1. Students are expected to attend class, read the assigned materials and participate in class discussion.
2. Students are expected to complete the required assignments.

Assignments:

- **Daily Questions:** Students will submit one question, comment on, or criticism of the day's reading *at the beginning of class*. 10%
- **Attendance/Participation:** Students shall be graded on both their attendance and on their actively engaging the material in class. 10%

And Either

- **Write a term paper and complete related preparatory assignments:**
 - **Pre-Draft Materials:** In preparation for the first draft final paper, students shall come up with a question to investigate, a reading list, and eventually an abstract. 20%
 - **Rough Draft of the Term Paper:** There's a draft. 25%
 - **Final Draft:** A revised version of the draft. 35%

Or Else:

- **Complete two take-home exams:**
 - **Exam 1 will cover Truth-Making, Composition and Time. 40%**
