### Reading Reports

Posted on: Sunday, February 9, 2014 1:56:00 PM CST

Hi everyone....I hope you have had a good weekend!

A couple of you have written me to tell me you couldn't find the reading reports.

The reading reports were set up originally to be completed (on blackboard) by the date the reading was due.

I am open to being convinced why it would be good for it to stay open for a week in class Wednesday.

The second option is within the individual course shell.

On the left side of your screen you should see the “Tools” link. Select the “tools” link.

*\*HINT: The grades you will retrieve from inside the course shell will only pertain to the course itself. It will not provide grades for every course you are enrolled in.*

The image shows a screenshot of a course management interface with several menu items. A red arrow points from the 'Calendar' section towards the 'My Grades' icon, which is circled in red. The items are:

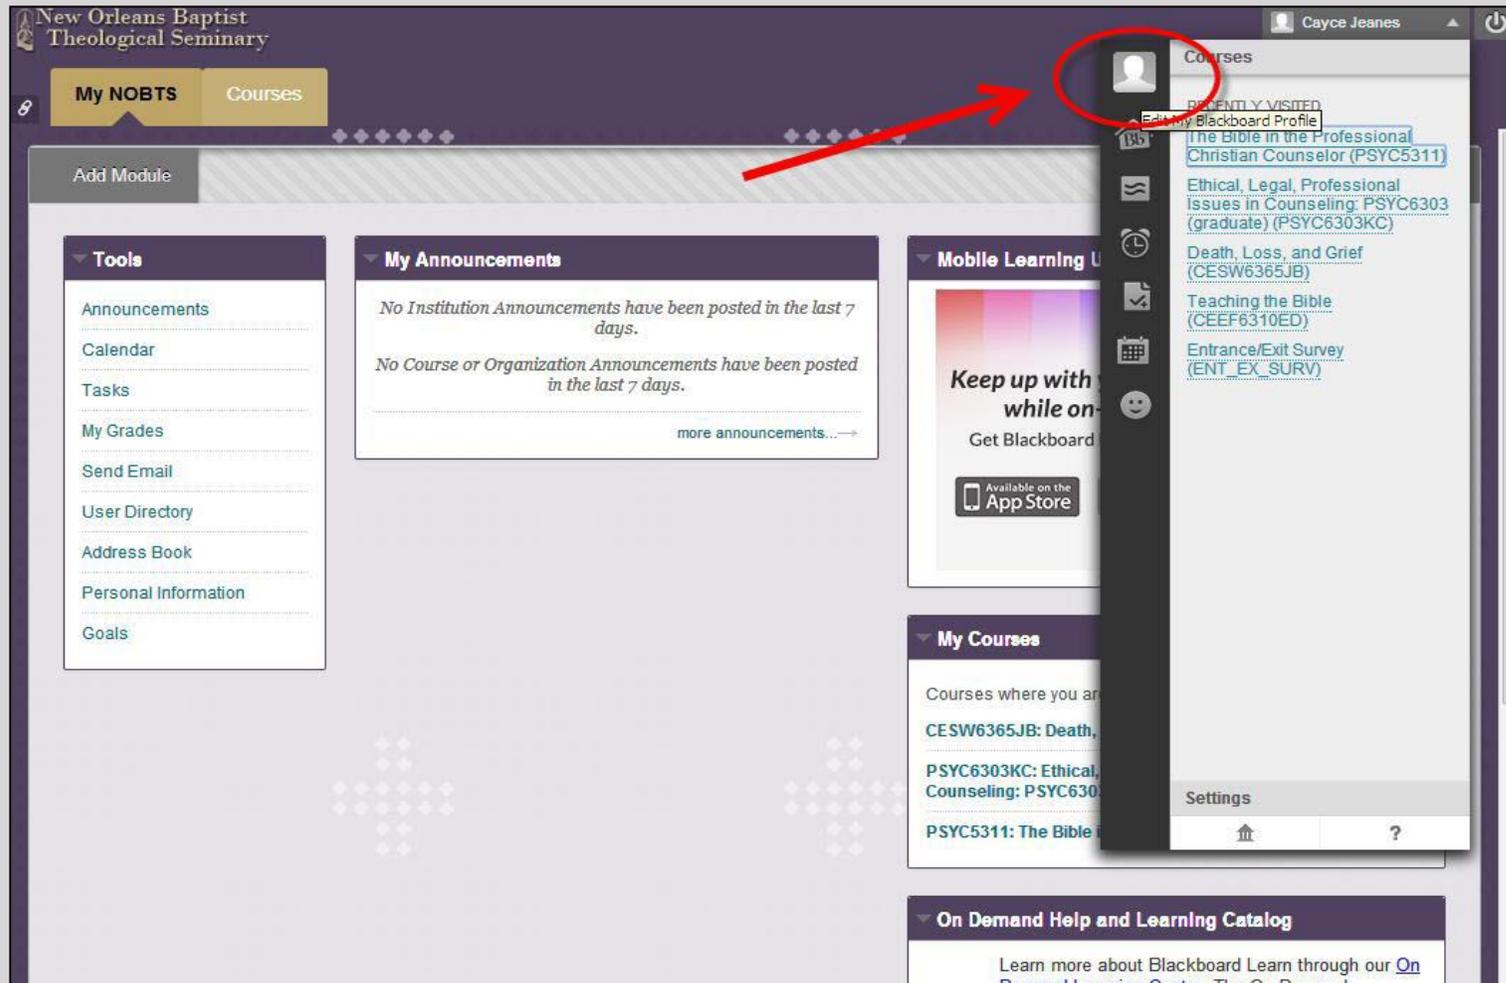

- Calendar**: Track important events and dates through the Calendar.
- Collaboration**: Create and manage Virtual Classroom and Chat sessions.
- Contacts**: Instructors can post contact information about themselves and others.
- My Grades**: Displays detailed information about your grades.
- Roster**: View a list of users enrolled in the Course.
- Send Email**: Send email messages to different types of users, system roles, and groups.

Select on the “My Grade” icon located in the list of options to navigate to. From here, you will be get access to graded assignments from your professor.
