ReDOC Schedule for 2016-2017

The following is the remaining ReDOC meeting for 2017.

June 7 (5/8 IRB)

An IRB request and a pdf of a prospectus for research using human subjects must be **submitted to the guidance committee chair**, who must forward them to redocsec@nobts.edu, indicating permission to proceed, no later than one month prior to the meeting at which the prospectus will be considered. See the Program Materials page for the form and details.

A prospectus to be considered by ReDOC must be reviewed by your guidance committee

and **9 copies** submitted through your chairperson to the Office of Research Doctoral Programs no later than one week before the scheduled ReDOC meeting. Prospectuses for research involving human subjects must be received one month before the meeting.

Likewise, matters such as directed study proposals and requests to take courses at other institutions must be submitted one week before the ReDOC meeting at which they will be considered.

Also e-mail a **pdf** of the prospectus or directed study proposal to phd@nobts.edu. Do

submit a hard copy of the directed study approval page.

Please keep in mind that final approval of your prospectus is granted by your doctoral guidance committee after you make any revisions your committee deems appropriate in light of feedback from ReDOC.

If you are required to go through the Institutional Review Board approval process for research with human subjects, your committee cannot approve your prospectus until the IRB assesses the risk to and protection of the participants.

NOTE: If you think your guidance committee has approved your prospectus but you have not seen your approval in the *ReDOC News*, please let us know.
