PCCM 3373-30: CHILD PSYCHOLOGY

Spring 2016

Instructor Name: Eduardo Leiva
Instructor Title: Professor
Office phone number 305-915-3044

Office location
instructor email address: eeleiva@hotmail.com

The mission of Leavell College of New Orleans Baptist Theological Seminary is to equip leaders to fulfill the Great Commission and the Great Commandments through the local church and its ministries.

Core Value
Each academic year, a core value is emphasized. This academic year, the core value is Mission Focus—“We are not here merely to get an education or to give one. We are here to change the world by fulfilling the Great Commission and the Great Commandments through the local church and its ministries.”

Course Description
The purpose of this course is to provide an introduction to the theoretical base and practical application of child psychology in multiple counseling and ministry settings. Key concepts of child psychology will be presented, as well as how they can be applied today.

Student Learning Outcomes
1. To provide students with a basic understanding about the main characteristics of the children in their different developmental stages.

2. To enable students to identify multiple factors and systems affecting child development.

3. To provide students with resources to aid in ministry with families in crisis and to provide knowledge of various external and community resources available to them and to families in need.

4. To provide students with basic understanding about effects of physical, psychological and social changes of the child life.

5. It is not a goal of this course to qualify students to serve as professional counselors or to offer therapeutic insight. This course only serves to provide a basis of knowledge to aid in ministry. Further coursework and licensing is required to function as a professional counselor or
psychologist.

Course Texts

Textbooks:
The following textbooks are required:

Course Requirements and Grading

1. Exams: Exams will include multiple choice, short answer, and discussion questions. A study guide will be given the class period before the exam. The exams will not be cumulative, but may require knowledge learned in prior portions of the course.

2. Book Review: Each student will choose a book relating to the topic of this course. They will read the book and write a brief book review (see Book Review Outline). Each student will sign up for a time to present their book during class time.

3. Parent Resource: Choose an issue that is common for children (either from the topics covered in class or another approved topic). Create a resource for parents with information regarding the issue, ways to help child, other resources available (i.e. websites, support groups, books, etc.), and helpful Scripture or Biblical truths. Be creative!

4. Movie Project: Each student will choose and view a movie depicting a child who is dealing with something relevant to our class topics of study. The students will then write a brief movie review (see Movie Review Outline).

5. Class Participation: I consider class participation vital to the success of this class and will grade you accordingly. I expect you to come to class with materials read, assignments prepared, and ready for discussion.

Attendance

According to seminary policy, you are allowed nine hours of absence during the course of this class. Three tardy marks are equivalent to one absence. Any work missed due to absence or tardiness is your responsibility to make-up. Please obtain copies of notes or handouts from your colleagues. Please attend class.

Exam 1: 20%
Exam 2: 20%
Final Exam: 20%
Book Review: 15%
Parent Resource  15%
Class Participation  10%

TOTAL  100%
