---

The mission of New Orleans Baptist Theological Seminary and Leavell College is to prepare servants to walk with Christ, proclaim His truth, and fulfill His mission.

---

**Purpose of Course**
The purpose of this course is to educate students on the content and process of discipleship in the local church, giving students useful tools for designing age-appropriate discipleship activities across the lifespan.

**Our Core Values**
The seminary has five core values. The focal core value for 2020-2021 is *Mission Focus*. This course supports the five core values of the seminary.

*Mission Focus* - We are not here merely to get an education or to give one. We are here to change the world by fulfilling the Great Commission and the Great Commandments through the local church and its ministries.

**Curriculum Competencies Addressed**
NOBTS faculty members realize that all ministers need to develop specific competencies if they are going to have an effective ministry. To increase the likelihood of NOBTS graduates having an effective ministry, the faculty developed a competency-based curriculum after identifying seven essential competencies necessary for effective ministry. All graduates are expected to have at least a minimum level of competency in all of the following areas:

* Biblical Exposition: to interpret and communicate the Bible accurately.
* Christian Theological Heritage: To understand and interpret Christian theological heritage and Baptist polity for the church.
* Disciple Making: To stimulate church health through mobilizing the church for missions, evangelism, discipleship, and church growth.
Interpersonal Skills: To perform pastoral care effectively, with skills in communication and conflict management.

Servant Leadership: To serve churches effectively through team ministry.

Spiritual and Character Formation: To provide moral leadership by modeling and mentoring Christian character and devotion.

Worship Leadership: To facilitate worship effectively.

This course will address the following curriculum competencies:

1. Biblical Exposition: Students will explore biblical foundations and rationale for discipleship.
2. Disciple Making: Students will examine developmental and educational issues that play a significant role in the development of faith.
3. Servant Leadership: Students will consider the nature of servant leadership and explore practical application to ministry.
4. Spiritual and Character Formation: Students will reflect on their own spiritual and developmental growth.

Course Catalog Description

Students will examine discipleship through the lens of developmental stages across the lifespan—birth through older adult. Methodology will involve course readings, class discussion, and related course assignments. Emphasis is given to application in the local church context. There are no prerequisites for this course, though it is recommended the student first complete CEEF6306 Lifespan Development.

Student Learning Outcomes

Upon completion of the course, the student will be able to:

Cognitive:

- Understand the cognitive, social, physical, moral, and spiritual development of each stage of the lifespan.
- Identify basic components of a discipleship ministry.

Affective:

- Appreciate the need to implement a sound discipleship program that ministers to each age group in the local church.

Psychomotor:

- Design a discipleship curriculum for a specific local church ministry reflecting age-appropriate content and learning activities.

Course Requirements

Textbook:
See “Assigned Reading” in Course Schedule. All assigned reading for the course is available via .pdf on Blackboard.

Course Teaching Methodology

The course will involve the following methodologies: reading assignments, classroom lecture and discussion, and individual learning assignments.
**Format**
This course is taught online.

**Embedded Assignment**
This course has been identified as a core course and therefore an embedded assignment exists for this course.

**Assignments and Evaluation Criteria**
All assignments must be submitted electronically on Blackboard. Unless otherwise noted, all assignments are due before midnight on the due date. See Course Schedule (last page) for due dates.

1. **Reading Assignments: (10%)**
   All reading assignments should be completed prior to the deadline so you can actively engage and process all class materials. The assigned reading for each unit appears in the “Course Schedule” section of the syllabus. Reading is extremely important as the content covered in this class is based on the required reading, and online Blackboard discussion also shows the level to which you are grasping and applying the course content. A minimum of one to two hours of reading and studying is needed to prepare for each unit. Each student will be asked to report a percentage of the reading you have completed at the end of the course. This assignment is related to the Cognitive Student Learning Outcome.

2. **Blackboard Discussion Board (15%)**
   Each student is expected to participate in online interaction through the Blackboard Discussion Board. This is your class participation grade. Discussion board post are due each week before midnight on Sunday night. This assignment is related to the Cognitive and Psychomotor Student Learning Outcomes.

3. **Unit Quizzes: (2.85% each, Total = 20%)**
   Each student is expected to take all quizzes at the scheduled times. Unless otherwise indicated, exams are open book/open note. Unit quizzes will cover the content found in the unit’s assigned reading. Unit quizzes will consist of objective questions (true/false, multiple choice, fill-in-the-blank, etc.) and subjective questions (essay questions and short answer questions). Make-up unit quizzes are approved at the discretion of the professor. These assignments are related to the Cognitive Student Learning Outcome.

4. **Journal Article Review (10%)**
   Locate an academic (peer-reviewed) journal article concerning one aspect of development (physical, cognitive, social, moral/spiritual) of one age group (infancy through senior adulthood) of the lifespan. Write a 3-4 page review of the research summarizing the conclusions and suggesting application in the local church. For assistance with this assignment, watch the video “How to Search for Journal Articles at NOBTS” on Blackboard and refer to the Peer-Reviewed Journal section of this syllabus.
   The review should include:
   1. A full bibliographic reference
   2. The author’s primary point(s)
3. At least one identified strength
4. At least one identified weakness
5. A summary of the conclusions and suggested application in the local church
   Note: Strengths and weaknesses are not likes or dislikes, but an academic evaluation that should be supported by the course texts or content.

This assignment is related to the Cognitive and Psychomotor Student Learning Outcomes.

5. **EMBEDDED ASSIGNMENT**: Lifespan Discipleship Design (35%)

Each student will design and submit a one-year discipleship program as a document for ALL of the age segments in a local church (preschool, children, youth, young adults, middle adults, AND senior adults). Assume a church large enough to sustain teachers and budget for each age group. Success in this assignment is a comprehensive plan, presented in paragraph and chart form including the a) biblical rationale, b) development and discipleship knowledge, c) curriculum utilized (or written), d) time frame for the units, and e) resources needed (human, space, financial). The paper must be **18-20 pages in length**. A rubric is provided in the syllabus. This assignment is related to the Affective Student Learning Outcome.

6. Discipleship Design Presentation (10%)

Prepare a video of your 12-month discipleship program for ONE of the age segments (preschool, children, youth, young adult, middle adult, OR senior adult). Your presentation should be created as if you were presenting to the volunteers at your church. Your presentation should be **5-8 minutes** in length. A link to your video presentation (YouTube, etc.) must be submitted on Blackboard by end of the day on the deadline.

**Evaluation of Grade**

The student's grade will be computed as follows:
