Mission Statement of the Counseling Program

The mission of the NOBTS Counseling Program is to provide training and supervised experience in evidence-based counseling methods to help people deal with life issues in a biblically sound way and prepare students for licensure in counseling and counseling-related professions. Additional Information about the Sessions: 1. Students are required to participate in four (4) sessions as a counselor and another four (4) sessions as a client. Each session is to be no more than 40 minutes. At least three of these sessions are to be conducted outside of class time. Students will be assigned a client. Most students will conduct a live session in the classroom in the later part of the semester, which can be one of the four sessions if desired.		
2. As the client, you are to work on an actual issue. However, clients are in control of the content and extent of the disclosure. Students are encouraged to present issues that do not require crisis intervention.		
3. As the counselor, you are responsible for maintaining confidentiality.		
4. You must record all four sessions when you are the counselor, using either a tape recorder, your laptop or the counseling center recording capability. If you record in a location that is not in the counseling center, please insure that it is a quiet environment or you (and your professor) will not be able to hear the recorded dialogue.		
5. You are to maintain a counselor-client relationship for these four sessions. You are not to engage in social relationships with your partner during this period of time. This requirement means no socializing before and after the sessions. You are expected to conduct yourself in a professional manner. If you are paired with someone very familiar to you, you need to alert the instructor immediately so that an alternative arrangement can be made.		
6. Remember to keep all information obtained during your counseling sessions CONFIDENTIAL.		
7. All recorded materials are to be kept secure. They must be erased at the end of the class.		
Alternatively, students can enlist an individual outside of the Division of Counseling to be their client/interviewee for this assignment. However, students are to prepare an informed consent for these volunteer clients. The informed consent should indicate that (a) the sessions are strictly for learning purposes, (b) issues disclosed by clients should not be critical in nature, requiring crisis intervention, (c) the sessions will be recorded for supervision purposes, (d) the instructor/supervisor of the class will have access to the taped sessions, (e) the number of session will be four and each last about 40 minutes, and (f) if they are minor (less than 18 years old), their legal guardian will have to give consent for their participation and their legal guardian understands the learning nature of this assignment and will not require the student-counselor to report session content to them. Mention also the limits of confidentiality. Have these individuals sign the consent and give them a copy for their record. The instructor will not review and grade your tape and typescript without the signed informed consent.		
NOTE: TAPED SESSIONS ARE NOT TO BE SCRIPTED OR OUTLINED IN ADVANCE.		
Role Plays in Class Students will participate in roles plays in class, and will be assigned various techniques or interventions to demonstrate. Students will also participate as clients in the role plays. A sign-up sheet will be provided for these role plays.	20%	Begin on 3/21
Midterm and Final Exams	20%	3/7
		5/2

The midterm exam covers lectures, including PowerPoint presentations, and required textbook reading on brief counseling. It consists of listing and identification, description, short answer,	
and discussion questions.	
The final exam is comprehensive and based on the readings from the course texts, lectures,

Diversity

The Counseling Program at NOBTS affirms the Christian doctrinal position that God created man in His own image, and that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love. We believe the counseling profession affords our students and graduates the opportunity to be "salt and light" (Matthew 5:13-16) whatever their places of service, and that a robust appreciation for and sensitivity to human diversity is key to that end. Further, a learning environment diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. Students and faculty benefit from diversity. The quality of learning, research, scholarship, and creative activities are enhanced by a climate of inclusion, understanding, and appreciation of the full range of human experience. We are committed to nurturing and training a diverse student body in an atmosphere of mutual respect and appreciation of differences. As a result, the counseling program is committed to diversity and equal opportunity and recognizes that it must represent the diversity inherent in American society, reflected in our local community, and aligned with the core values of the NOBTS community.
