GEORGIA POSTING NOTICE -- PANEL OF PHYSICIANS

Code Section 34-9-201(b) of the Georgia Workers' Compensation law requires the employer to maintain a list of "panel of physicians" for their employees. The panel of physicians must include at least four physicians, professional associations or corporations of physicians. At least one of the physicians must practice the specialty of orthopedic surgery, and no more than two of the physicians listed can be industrial clinics.

A posting notice, WC-7755p, has been developed to assist the employer in complying with this law. The notice is included with each new and renewal Workers' Compensation policy.

The employer is responsible for posting the notice in a prominent place on the business premises and for taking all reasonable measures to insure that their employees:

1. Understand the function of the physician panel. An employee must choose a physician from the list. The employer is not responsible for medical services furnished by a physician not on the panel;
2. Understand their right to select a physician from the panel in case of an on-the-job injury and to make one change. If desired, the employee may make one change, but must select another physician on the list. If because of an emergency, an employee is unable to use the panel, they may seek treatment elsewhere.
3. Are given appropriate assistance in contacting panel members, when necessary.
