BAPTIST THEOLOGICAL SEMINARY

Independent Directed Study Proposal

An independent directed study provides a unique opportunity for a student to work one-on-one with a professor. Directed studies enable a student (1) to engage in specialized research under a professor’s supervision or (2) to cover an area not covered in the regular seminar offerings during a student’s scheduled seminar work. Students may take only one directed study during his or her program. Any exception must be approved by the student’s faculty supervisor and the Associate Dean of ReDoc. Regularly-offered seminars are not to be taken as a directed study. The purpose of the directed study is to pursue areas beyond the scope of regularly scheduled seminars.
