

## Note from Dr. Riley

Greeting from your ReDOC office, *in diaspora*. We are living in strange and stressful times, marked by fear, worry, and social disruptions. Even so, as followers of Jesus Christ, you do not fret and respond to disruption as the world does. The One we serve promises peace: “Peace I leave with you; my peace I give to you; not as the world gives do I give to you. Do not let your heart be troubled, nor let it be fearful” (Jn 14:27). Let me encourage you to attend to your relationship with Jesus and choose every day to walk with him in the Spirit. Tough times shape our character into the likeness of Christ. If there is ever a time to demonstrate to the world the hope we have in Christ Jesus and the power of the gospel, this is it.

We are scattered and disoriented—socially distanced—but we are not alone and we are not without resources to fulfill the call of God on each of us. The living God has equipped each of you, for this very time, even to complete your doctoral work. The Lord is not surprised by our circumstances, and he is not powerless to give you everything you need to fulfill his call on your life. So let us endure faithfully, pray fervently, and serve joyfully while looking to see God at work in our circumstances.

I know that for many of you, responses to the virus have created financial uncertainties and difficulties. Please let us know how you are doing so that we can pray for you and help you think about available resources. Remember, a joy shared is doubled, but a burden shared is halved.

Let me end with the following verses from Psalm 46: “God is our refuge and strength, a very present help in trouble. Therefore we will not fear, though the earth should change and though the mountains slip into the heart of the sea; though its waters roar and foam, though the mountains quake at its swelling pride.” We serve a mighty God. Trust him.

Grace and Peace,

Dr. Riley

## New Prospectus Approval Deadline

To discourage inordinately long gaps between ReDOC review and guidance committee approval, ReDOC has instituted a time limit for prospectus approval after ReDOC review.

A student must have a prospectus approved by the guidance committee no later than the beginning of the fourth active semester after ReDOC review.

After the allotted time, a student must submit a report to the guidance committee and ReDOC detailing reasons for the delay. Upon the recommendation of the guidance committee, students may be required to retake Prospectus Development.

As time passes, the chance increases that another researcher has published the same type of study or has generated new information that would impact the methodology of your proposed study. With the new ProQuest electronic submission, research has the potential to be available online more quickly than before.
