*NOTE: This Table shows the percent of positive placement of recent graduates. Positive placement is considered a vocation placement, a nonvocational placement, or further study. The calculation removes the graduates for whom placement is unknown. Therefore, positive placement is equal to (Total Positive Placements)/(Total Graduates less Graduates with Unknown Placements). If there were no graduates within a degree category, then that degree category is noted with an "n/a".*

NOTE: This Table shows the percent of recent graduates within 200% of the degree duration requirement. For example, the M.Div. is normally a three-year degree, this Table shows the percent of recent graduates that completed their degree in fewer than six years. If there were no graduates within a particular degree category, then the category is noted "n/a".
