Mission Statement

New Orleans Baptist Theological Seminary and Leavell College prepare servants to walk with Christ, proclaim His truth, and fulfill His mission.

Mission Statement of the Counseling Program

The mission of the NOBTS Counseling Program is to provide training and supervised experience in evidence-based counseling methods to help people deal with life issues in a biblically sound way and prepare students for licensure in counseling and counseling-related professions. We seek to produce graduates who have the values, knowledge, skills, and personal disposition to promote the mental health and holistic wellness of clients across diverse populations.

Core Value Focus

The seminary has five core values: Doctrinal Integrity, Spiritual Vitality, Mission Focus, Characteristic Excellence, and Servant Leadership. The core value focus for this academic year is **Spiritual Vitality**.

Curriculum Competencies

NOBTS faculty members realize that all ministers need to develop specific competencies if they are going to have an effective ministry. To increase the likelihood of NOBTS graduates having an effective ministry, the faculty developed a competency-based curriculum after identifying seven essential competencies necessary for effective ministry. All graduates are expected to have at least a minimum level of competency in all of the following areas:

1. **Biblical Exposition:** to interpret and communicate the Bible accurately.
2. **Christian Theological Heritage:** To understand and interpret Christian theological heritage and Baptist polity for the church.
3. **Disciple Making:** To stimulate church health through mobilizing the church for missions, evangelism, discipleship, and church growth.
4. **Interpersonal Skills:** To perform pastoral care effectively, with skills in communication and conflict management.
5. **Servant Leadership:** To serve churches effectively through team ministry.
6. **Spiritual and Character Formation:** To provide moral leadership by modeling and mentoring Christian character and devotion.
7. **Worship Leadership:** To facilitate worship effectively.

The curriculum competencies addressed in this course are interpersonal skills and servant leadership.

Course Description

This course is designed as a comprehensive overview of mental disorders and treatments. Students will acquire a working knowledge of the DSM-5 classification system, the diagnostic categories, and the primary treatment options for the major mental disorders. Diagnostic techniques, etiology and pathogenesis, epidemiology, clinical course, and psychopharmacology are also examined. (This course is a prerequisite for the clinical practicum and internship.)

Syllabus Distribution

This syllabus will be made available via blackboard one week prior to the first day of class. Due to regular semester updates, any version accessed prior to this date may contain inaccuracies.

Program Objectives: #2. Upon successful completion of one of the Master’s Programs in Counseling, graduates should be able to synthesize theoretical and empirical knowledge in the field of counseling, #4. Upon successful completion of one of the Master’s Programs in Counseling, graduates should be able to integrate historical Christian beliefs, faith, and spirituality with the best practices of mental health science, in an ethical manner.
