Additional Information about the Sessions

- 1. Students are required to participate in four (4) sessions as a counselor and another four (4) sessions as a client. Each session is to be no more than 40 minutes. At least three of these sessions are to be conducted outside of class time. Students will be assigned a client. Most students will conduct a live session in the classroom in the later part of the semester, which can be one of the four sessions if desired.
- 2. As the client, you are to work on an actual issue. However, clients are in control of the content and extent of the disclosure. Students are encouraged to present issues that do not require crisis intervention.
- 3. As the counselor, you are responsible for maintaining confidentiality.
- 4. You must record all four sessions when you are the counselor, using either a tape recorder, your laptop or the counseling center recording capability. If you record in a location that is not in the counseling center, please insure that it is a quiet environment or you (and your professor) will not be able to hear the recorded dialogue.
- 5. You are to maintain a counselor-client relationship for these four sessions. You are not to engage in social relationships with your partner during this period of time. This requirement means no socializing before and after the sessions. You are expected to conduct yourself in a

professional manner. If you are paired with someone very familiar to you, you need to alert the instructor immediately so that an alternative arrangement can be made. 6. Remember to keep all information obtained during your counseling sessions CONFIDENTIAL. 7. All recorded materials are to be kept secure. They must be erased at the end of the class. Alternatively, students can enlist an individual outside of the Department of Counseling to be their client/interviewee for this assignment. However, students are to prepare an informed consent for these volunteer clients. The informed consent should indicate that (a) the sessions are strictly for learning purposes, (b) issues disclosed by clients should not be critical in nature, requiring crisis intervention, (c) the sessions will be recorded for supervision purposes, (d) the instructor/supervisor of the class will have access to the taped sessions, (e) the number of session will be four and each last about 40 minutes, and (f) if they are minor (less than 18 years old), their legal guardian will have to give consent for their participation and their legal guardian understands the learning nature of this assignment and will not require the student-counselor to report session content to them. Mention also the limits of confidentiality. Have these individuals sign the consent and give them a copy for their record. The instructor will not review and grade your tape and typescript without the signed informed consent. NOTE: TAPED SESSIONS ARE NOT TO BE SCRIPTED OR OUTLINED IN ADVANCE.

Disabilities and Accommodations

New Orleans Baptist Theological Seminary does not discriminate against applicants/ students on the basis of personal disabilities. The Seminary, in voluntary compliance with the American Disabilities Act, will provide reasonable institutional accommodations, modifications, and adjustments to enable and empower students with disabilities to participate in Seminary programs and activities to the fullest extent possible. However, NOBTS cannot support accommodations that place undue hardship on the Seminary or its resources or which alter the essential requirements of curriculum and academic progress. While the seminary does not provide direct assistance to students in the form of equipment or personnel, accommodations may be made by individual professors at their discretion. These accommodations usually take the form of early access to lecture materials in electronic format and additional time to complete tests and assignments. The most efficient way to pursue such accommodations is to provide the Director of Testing and Counseling (Dr. Jeff Nave, inave@nobts.edu, 504-282-4455 ext. 8004) with documentation of the condition for which you seek accommodation, an explanation of helpful accommodations received in the past, and a description of the specific accommodations you desire. The Director of Testing and Counseling will document your request and communicate on your behalf with the professors who teach the course(s) for which you are registered. The seminary reserves the right to consider each request for "special" accommodations on a case by case basis pursuant to the criteria enumerated above.

Diversity

The Counseling Program at NOBTS affirms the Christian doctrinal position that God created man in His own image, and that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love. We believe the counseling profession affords our students and graduates the opportunity to be "salt and light" (Matthew 5:13-16) whatever their places of service, and that a robust appreciation for and sensitivity to human diversity is key to that end. Further, a learning environment diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. Students and faculty benefit from diversity. The quality of learning, research, scholarship, and creative activities are enhanced by a climate of inclusion, understanding, and appreciation of the full range of human experience. We are committed to nurturing and training a diverse student body in an atmosphere of mutual respect and appreciation of differences. As a result, the counseling program is committed to diversity and equal opportunity and recognizes that it must represent the diversity inherent in American society, reflected in our local community, and aligned with the core values of the NOBTS community.

Emergencies

In cases of emergency, such as hurricanes, disease outbreaks, or other disasters, go to the seminary website (www.nobts.edu) for information. The seminary administration will post information, such as the nature of the emergency, instructions for response, and evacuation and return dates. Please check Blackboard for information specific to this course. Because Blackboard is available, the course will continue even if the main campus is closed. Please consider registering for the seminary's priority text messaging service through SelfServe. This service is used only in emergencies, and will allow the seminary to deliver urgent information to you as needed.

The student is expected to interact with other students in a fashion that will promote learning and respect for the opinions of others in the course. A spirit of Christian charity is expected at all times in the online environment.
