COURSES TAUGHT AT NEW ORLEANS BAPTIST THEOLOGICAL SEMINARY:

Master Level Courses:

*Directives in Christian Education** (assists students with clarifying their call to ministry and introduces students to the various vocational opportunities of Christian education ministries)

Servant Leadership (investigates theories of leadership with a concentration on the appropriateness of servant leadership as a model for church leadership)

Clinical Field Project in Administration (offers students supervision and guidance in a carefully planned experience of administrative work in a local church, campus, or denominational agency)

*Strategic Church Development through Christian Education** (investigates the models for delivery of Christian education in a local church with an emphasis on building from a biblical and theological rationale to a strategically developed implementation plan)

Interpersonal Relationship Skills (provides in depth skill development of such interpersonal concepts as listening, assertion, conflict-resolution, and collaborative problem-solving skills)

*Adult Ministry in Theory and Practice** (investigates developmental and learning foundations as a basis for outlining critical actions for building a local church ministry with, to, and through adults)

Family Life Education (investigates the scope and biblical basis of family ministry highlighting pre-marital, marital, and parent education and enrichment)

Leading in Adult Ministry (provides thorough guidance for ministers desiring vocational leadership with adults including ministry needs assessment, development, and evaluation)

Ministry with Single Adults (investigates the unique needs of the various populations of single adults, examines the biblical basis for such a ministry, and analyzes challenging areas such as divorce and single parenting)

Ministry with Older Adults (investigates biblical foundations, unique needs, and implementation of a comprehensive local church ministry with older adults)

Understanding Adults (discusses the psychological and spiritual natures of adults and relates the needs of the various groups of adults to the educational and discipleship ministry of the church)

Clinical Field Project in Adult Education (provides advanced, supervised study of adult ministry practice in a field environment such as local church, campus, denominational agency or mission setting)

*Age Group Ministries** (provides foundational skill development of the necessary processes for implementing a complete educational ministry for all ages in a local church)

*Lifespan Development** (examines foundational spiritual, psychological, generational, and physiological needs of all age levels for an emphasis on how these theoretical foundations impact ministry situations)

Church Business Administration (examines the philosophical, biblical, and theological foundations for administration in the church as the practical implementation of fiscal, personnel, facilities, office, and program management)

Discipleship Strategies (examines the development of a strategy for leading personal disciple-making in a local church)

Church Leadership and Administration (examine foundational elements of leading and administering the programs, ministries, finances, personnel, and properties of a local church)

Mentoring in Discipleship Ministry (connects student with applied ministry skills and relationships for developing a comprehensive discipleship ministry in a local church)

Doctor of Philosophy Seminars and Reading Colloquiums:

Adult Education (engages students in a comprehensive examination of adult education with inclusion of both theoretical and practical implementation of adult education principles.

Strategic Leadership in Christian Education (investigates leadership theories, principles, philosophies, hazards, and trends with an emphasis on the impact of leadership on the educational ministries of a local church, denominational agency, or educational institution)

Family Life Education (involves an intensive study of implementing a comprehensive ministry to families in a local church including assessing needs, understanding necessary referrals, and providing enrichment and educational experiences for pre-marital, marital, and parenting situations)

Teaching Methods and Learning Theory (enhances the teaching skills of students anticipating a teaching role in college, seminary, or church settings with a focus on the theories and methodologies that under gird effective teaching and learning)

*Supervised Reading Colloquium 1: Ministry Context and Practice 1: Adult, Family, and Discipleship** (guides foundational readings in the assigned areas of Christian education)

Lifespan Education (engages students in a comprehensive examination of age appropriate educational ministries in a local church setting)

Strategic Leadership and Organizational Change (provides an intensive exploration of leadership principles for local churches and other Christian ministries as well as the process of guiding successful change)

Conflict Resolution and Crisis Management (addresses understanding conflict in local churches, biblical issues involved, identifying causes, and strategies for resolving conflict)

Contemporary Context of Christian Education (investigates current cultural, denominational, and demographic challenges to the development and implementation of discipleship ministries in local church and Christian organizations)

Doctor of Ministry/Doctor of Educational Ministry Seminars:

Program Overview and Research Writing Workshop (overviews the professional doctoral program and guides students toward a successful beginning of their program and foundational academic writing)

Mid-Career Assessment Workshop (assists students with assessing their ministry/leadership and personality styles, interpersonal relationship skills, spiritual vitality, family relationships, and character for the purpose of affirming strengths and improving weaknesses)

Project in Ministry Design Workshop (introduces professional doctoral students to the elements of producing a successful capstone project in ministry and the necessary reporting)

*Charting Adult Ministry for the New Millennium** (investigates the current trends and challenges in the education of and ministry to adults in churches, specific ministry situations, and the denomination with an emphasis on developing new structures to strengthen the ministries)

*Challenges for the Contemporary Family** (surveys contemporary family life, investigates challenges in local church family ministry, and addresses the role of the church and denomination in attempting to mitigate ministry needs)

Singles' Ministry for the 21st Century (in conjunction with the National Association of Single Adult Ministers this seminar investigates current themes of implementing a ministry to single adults such as divorce, single parenting, mobilizing singles for missions and ministry, and developing a singles' leadership team)

Christian Education in the 21st Century (in conjunction with the Baptist Association of Christian Educators' annual meeting this seminar investigates current educational ministry trends, needs, or implementation strategies)

Leadership in the Local Church (assists students with developing leadership skills for local church ministry through seminars and special workshops at the national leadership training events coordinated by LifeWay Church Resources)

*Networking for Transformational Ministry** (held at the annual meeting of the Southern Baptist Convention this seminar assists students with identifying necessary relationships to sustain a lifelong ministry of significance in a church, ministry setting, or denominational agency)

*Ministering to Today's Older Adults** (held in conjunction with the annual meeting of the Association of Baptist Ministries with the Aging this seminar investigates contemporary trends or needs in ministering to older adults)

Developing a Strategy for Healthy, Evangelistic Church Growth (investigates biblical, congregational, and contextual factors in evangelistic church growth and develops strategic planning skills to implement such growth)

Leadership Styles in Ministry (examines leadership principles and organizational theory in the context of local church ministry with an emphasis on the application of such theory to local church needs, issues, and practices)

*Creating a Winning Team** (identifies characteristics of successful teams in local churches and ministry settings, addresses critical components, necessary leadership skills, communication, and barriers to team success, and examines each student's team ministry situation)

*Strategic Church Development through Christian Education** (examines both traditional and contemporary models of delivery of Christian education in a local church for individual spiritual discipleship and overall church strengthening)

Life Issues and Ministry Practice (investigates critical age group, family, and individual life needs and issues in order to develop ministry models to meet particular needs and issues of each age group and family lifestyle)

Leading Congregational Change (guides ministers through a systematic approach to leading change in their local churches)

Church Conflict Resolution and Crisis Management (addresses understanding conflict in local churches, biblical issues involved, identifying causes, and strategies for resolving conflict)

*Maturing Believers in a Cross-Cultural Context** (provides a lab experience in a mission setting for examining cultural factors that impact the implementation of a biblical approach to discipleship and leadership development)

Leadership and Healthy Church Growth (highlights leadership issues and necessary skills typically required for churches in growing contexts)

Strategies and Models for the Contemporary Family (examines various approaches for implementing family ministry in a local church against contemporary cultural challenges)

Developing a Disciple-Making Strategy for a Healthy, Growing Church (examines various approaches to disciple-making while guiding participants to develop a strategy for disciple-making within their ministry contexts)

Building and Managing an Effective Organization (focuses key leadership and management principles on guiding a change process for improved ministry performance)

* Note: Also proposed, developed, guided the course through the course development and approval process.

COURSE TAUGHT AT SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY – SHAWNEE, OKLAHOMA, EXTENSION

Introduction to Adult Education in the Church (surveys adult development from psychological, spiritual, and sociology perspectives and outlines foundational skills necessary for implementing a comprehensive ministry with adults of all ages in a local church setting)

COURSE TAUGHT AT MOSCOW THEOLOGICAL SEMINARY, MOSCOW, RUSSIA—SPRING, 2003

Maturing the Church through Christian Education (investigates the biblical and theological mandates for discipling persons through the Christian education ministries of a local church, examines current models of practice, and outlines implementation strategies)
