Executive Summary: The ladies in this certificate have already completed the Thrive Certificate, so the scores are expected to be higher. The students are familiar with the templates and rubrics used to score the assignments. As we enter the second year of Thrive Plus, we look forward to adding more students to the program. Adding additional students to the New Orleans campus will increase the volume of data provided to make quality decisions to provide a quality program for these students. The students in this program are continually wanting more education and the Thrive and Thrive Plus courses count towards the completion of the associate's and bachelor's degree.
